

REGISTRATION HOW-TO

All that is required to register is your first and last name, email address and password.

Once you have entered this information, hit “That was quick!”.

The screenshot shows a registration page with a teal header containing the word "REGISTER". Below the header, there is a blue button with the Facebook logo and the text "Sign Up with Facebook". To the right of this button is a registration form with the following fields: "First Name" and "Last Name" (two separate input boxes), "Email Address" (one input box), and "Password" and "Confirm Password" (two separate input boxes). Below the form is a blue button labeled "That was quick!". A red arrow points from the bottom right of the form area towards the "That was quick!" button. On the left side of the page, there is text that reads: "Today you can inspire others to take ownership of this campaign by asking them to donate on your own grassroots fundraising page." Below this is the text: "Create an account to get started – your page includes all the tools you need." and "A few things you can do once logged in:" followed by a bulleted list: "• RSVP for Quick Registration", "• Create a team", and "• Create a personal fundraising URL".

Your registration record has been completed. You will now need to move onto the next step, which is answering registration questions and personalizing your fundraising page
